Privacy Shield-related Complaint Process

A complaint can be filed with PDRS by contacting PDRS via email at Complaint@PrivacyDisputeResolution.com.

Complaint Eligibility Requirements and Review Process

In compliance with the Frameworks' requirements, when a complaint or inquiry is received, PDRS provides to the individual:

- information needed to file the complaint;
- full and readily available information about how the dispute resolution procedure works;
- notice about PDRS's privacy practices, in conformity with the Privacy Shield Principles;
- the timeframe for processing the complaint (PDRS will work with the individual and the organization to process and resolve the dispute within 60 days of receipt of the complaint).

During the initial stages of the intake process, PDRS seeks to determine:

- whether the individual’s complaint or inquiry is regarding an organization registered with PDRS as its IRM;
- the individual’s basis for making the Privacy Shield-related complaint or inquiry;
- whether the complaint or inquiry is regarding non-human resources data;
- whether the individual had previously contacted the organization regarding the complaint or inquiry;
- whether the complaint is “obviously unfounded or frivolous.” See [Supplemental Principle 11\(d\)\(i\)](#).

During the initial stages of the intake process, for purposes of providing its annual report, PDRS also seeks to determine whether the complaint meets the following criteria considered by Department guidelines as establishing eligibility for a Privacy Shield-related complaint:

1. complainant is an EU or Swiss individual (*i.e.*, individual submitting on his/her own behalf or on behalf of a minor of whom the individual is the parent or guardian);
2. complaint concerns an organization enrolled in IRM’s Privacy Shield-related dispute resolution program;
3. complaint concerns an organization participating in DOC-administered Privacy Shield program;
4. complaint alleges that an organization has violated the Privacy Shield Principles with respect to complainant’s own personal data (*i.e.*, individual’s own personal data or personal data of the minor of whom the individual is the parent or guardian).

By prior arrangement with a registered organization, PDRS may provide review of complaints based on eligibility requirements established by organizations pursuant to [Supplemental Principle 11\(d\)\(i\)](#). During the reporting period, no additional eligibility requirements have been established by any organizations registered with PDRS.

Possible remedies for violation of Privacy Shield Principles may include: reversing or correcting the effects of non-compliance; future processing by the organization in conformity with the Principles; and that processing of the personal data of the individual who brought the complaint will cease. The range of sanctions includes: publicity for findings of non-compliance; the requirement to delete data; suspension and removal of a seal, compensation for individuals for losses incurred as a result of non-compliance; and injunctive awards.
